Workshop Objective

❑ Why an ETSI TC ITS workshop?

- 140 stakeholders find it interesting
- We have a lot to tell and to discuss with you

❑ What do YOU expect to achieve as participants?

- To actively discuss the ETSI way with us – as promised
- To learn about international harmonisation of standardisation

❑ What do WE want to achieve with the workshop?

- Listen and learn from your comments and proposals
- Make the standardisation activities for ITS – World Class

Workshop Agenda

- ❑ **High level key note speakers on International standardisation**
 - **ETSI is an important stakeholder in this project**
- ❑ **European Commission Standardisation Mandate**
 - **Strong political support to ITS standardisation**
- ❑ **ITS standardisation in the TC Working groups**
 - **Detailed discussion with the WG chairmen**
- ❑ **Global standardisation and Research on ITS**
 - **ARIB – ITU – ISO – Safespot**
 - **GeoNet project – Wave/DSRC – Microelectronics – iTETRIS**
- ❑ **Deployment of co-operative ITS**
 - **PreDrive – CVIS – COOPERS – US Roadmap**
- ❑ **Cooperative systems – one step beyond**
 - **TISA – Czech Technical University – FTW Austria**
- ❑ **Closing session Friday lunch time**

Have a fruitful workshop

We look forward to your active participation
