TR-45.AHIMT Background

- TR-45.ISD (International Standards Development)
 - 1998: ITU-R Document 8-1/190-E, 3 November 1998

- TR-45.AHIMT (Ad-hoc Group on International Mobile Telecommunications)
 - 2007-02: original charter
 - 2008-12: re-chartered

- TR-45.AHIMT web site
 - http://ftp.tiaonline.org/TR-45/TR-45_AHIMT/Public/default.htm

Evaluation

- candidate technologies
 - TR-45.AHIMT is evaluating the proposed technologies in IMT ADV/4 and IMT ADV/8

- evaluation methodologies
 - TR-45.AHIMT has adopted Report ITU-R M.2135-1 as its evaluation methodology

- evaluation requirements
 - TR-45.AHIMT has evaluated all the technical requirements listed in M.2135-1.

Timeline

- TR-45.AHIMT has conducted business via email reflector and face-to-face meetings as follows:
 - 2010-01-14, San Diego
 - 2010-02-05, St Augustine, FL
 - 2010-04-02, New Orleans, LA
 - 2010-05-06, Philadelphia, PA

- The face-to-face meeting schedule is as follows:
 - 2010-05-28, Savannah, GA

- TR-45.AHIMT deliverables to WP 5D
 - Submitted Interim Report to meeting #7 (5D/669)
 - Plan to submit Final Report to meeting #8

Conclusions

Based on our evaluation conducted so far, TR-45.AHIMT has discovered no cases where either IMT ADV/4 or IMT ADV/8 fail to meet the minimum requirements

Thank you
