

HOW TO COMMENT ON THE DRAFT STANDARDS?

Caution

Exercising one of the **Principles of International Standardization – Openness** – and taking them to a different level, ETSI CYBER-EUSR conducted Open Consultations of the vertical standards in support of the Cyber-Resilience Act, at a much earlier stage than it is usual in the standardization world. In this context, please keep in mind that the standard drafts under Open Consultation at <https://docbox.etsi.org/CYBER/CYBER/Open> and <https://labs.etsi.org/rep/stan4cra> are interim drafts, which expectably will be subject to substantial changes before their target publication date in the second semester of 2026.

ETSI CRA vertical standards v1.1.1 are being finalized and undergoing Public Enquiry via the National Standardization Organizations (NSO). Therefore, **starting from 16 April 2026, ETSI CYBER-EUSR may only be able to address your comments in a future revision of the standard.** To enable ETSI CYBER-EUSR to address your comments before the first publication of the standards, you should cumulatively submit to your NSO any comments submitted here from 16 April 2026 onwards. If you don't know how to do this, email us at cybersupport@etsi.org and we will guide you in the process.

The INTERIM DRAFTS available for download in this page are provided for information and are for future development work within the ETSI Technical Committee CYBER EUSR Working Group (CYBER-EUSR) only. Approved and published specifications and reports shall be obtained exclusively via the ETSI Documentation Service at <http://www.etsi.org/standards-search>

Use of Artificial Intelligence (AI)

Please do not use large language models to generate your comments. Inclusion of language generated by “AI” creates a potential for intellectual property conflicts and liability for ETSI, which is not acceptable.
