Mandates on ITS standardisation

Emilio Castrillejo
European Commission – DG Enterprise and Industry
Unit D3 ‘ICT for Competitiveness and Industrial Innovation’

Venice, 9 February 2011
Formalities about standardisation

• Voluntary work by ESOs
  ▪ The standardisation bodies can develop standards on its own initiative
  ▪ No formal need for Commission lead (Mandates, work programme)

• ICT standardisation work programme
  ▪ A collection of policy needs to guide the standardisation bodies
  ▪ Proposals responding to these collection of needs are welcome

• Mandates
  ▪ A formal request from the Commission to the standardisation bodies
  ▪ Proposals responding to a mandate are likely to be funded
  ▪ Each mandate can have its own sub-work-programme
Mandates

- M/338 Electronic Fee Collection
  - “Senior” mandate
  - Actions still ongoing
- M/453 Cooperative Systems
  - New mandate
  - Work programme issued by ESOs
  - New contracts just launched
- Future mandates
  - Potentially issued to support the implementation of the ITS directive
The “new” ICT standardisation WP

- Rolling work programme (three years validity)
- Proposals can be sent at any time. Don’t wait!
- Just updated
- Most relevant domains for this workshop:
  - Intelligent transport
  - Emergency communications
ITS in the ICT standardisation WP

- Intelligent transport
  - M/338 and M/453
  - Digital Maps
  - Public transport interoperability
  - ITS Framework Architecture
  - Traffic and travel information services
  - Continuity of service for traffic and freight
  - Open in-vehicle platform architecture
  - Safe on-board Human-Machine-Interaction

- Emergency communications
  - eCall
Expectatives by the Commission

• **Work programme**
  - Actions to cover all the areas proposed
  - Avoid areas not explicitly mentioned in the work programme

• **Mandate M/338 Electronic Fee Collection**
  - Finalise standards required for the EETS (European Electronic Toll System)

• **Mandate M/453 Cooperative Systems**
  - Finalise mandate work programme and ESOs arrangements to ensure effective cooperation
  - Launch all actions required to complete the mandate work programme

• **Approach**
  - Appropriate cooperation between the standardisation bodies
  - Active involvement of the relevant stakeholders
