7th ETSI Security Workshop

EVENT AGENDA

18 – 19 January 2012

Sophia Antipolis

http://www.etsi.org/SECURITYWORKSHOP

DAY 1 AGENDA
18th January 2012

SESSION 1: INTRODUCTION and KEYNOTE

Session Chair: Charles Brookson, ETSI OCG SEC Chairman

09:00	**Welcome** Luis Jorge Romero Saro, ETSI Director General
09:10	**Overview of INFSO F5 R&D activities** Vilija Juceviciene, Project Officer, DG INFSO, Unit F5 - Trust and Security European Commission
09:20	**ETSI Security Standardization** Carmine Rizzo, ETSI Security Standardization
09:30	**ITU Achievements in ICT Security Standardization** Martin Euchner, ITU
09:50	**ISO-ITU cooperation on Security Standardization** Walter Fumy, Bundesdrukerei, ISO SC27 Chairman
10:10	**Overview of ENISA activities including ontology and taxonomies for resilience** Slawomir Gorniak, ENISA

10:30 **Networking coffee**

SESSION 2: CEN/CENELEC standardization

Session Chair: Ashok Ganesh, Director Innovation, CEN

11:00	**Responding to the EC/EFTA mandate M/487 for European Standards on security** Ying Ying Lau, Secretary of CEN/TC 391 'Societal and citizen security
11:20	**Cyber security standards – coordination for European needs** Martin Uhlherr, Secretary of the DIN JTC1/SC 27 mirror committee
11:40	**Smart container management, contribution to global security standards (SMART-CM)** Joseph H. McKinney, SCV Solutions
12:00	**Transport of dangerous goods (SCUTUM)** Antonella Di Fazio, Telespazio
12:20	**Question and Answer Session** Panel Discussion

12:45 **Networking Lunch**

SESSION 3a: INTERNATIONAL STANDARDIZATION

Session Chair: Mike Walker, Vodafone

14:00	**ETSI TISPAN NGN Security standardization** Paolo De Lutiis, Telecom Italia, ETSI TISPAN WG7 Chairman
14:20	**Regional Security Standards: Development Patterns and Impact on International Standardization** Claire Vishik, Intel Corporation
14:40	**Using the CSA Control Matrix and ISO 27017 controls to facilitate regulatory compliance in the cloud** Marlin Pohlman, EMC/CSA
15:00	**Questions and Answers** Panel discussion

15:30	**Networking tea**

SESSION 3b: INTERNATIONAL STANDARDIZATION

Session Chair: Mike Walker, Vodafone

16:00	**ETSI Electronic Signatures and Infrastructures** Riccardo Genghini, ETSI TC ESI Chairman
16:20	**ETSI Smart Card Platform** Klaus Vedder, Giesecke & Devrient GmbH, ETSI TC SCP Chairman
16:40	**Quantum key distribution services; recent developments and state-of-the-art** Thomas Länger, ETSI ISG QKD, Austrian Institute of Technology
17:00	**Dynamic distributed key infrastructure frameworks (DDKI) and dynamic identity verification and authentication (DIVA) – interoperable, scalable software framework.** André Brisson, Whitenoise Labs
17:20	**Questions and Answers** Panel discussion

17:45	**CLOSE OF THE DAY**

DAY 2 AGENDA
19th January 2012

SESSION 4: SECURITY IN THE CLOUD

Session Chair: Carmine Rizzo, ETSI Security Standardization

09:00	**The Emerging Cloud Ecosystem: cyber security plus LI/RD** Tony Rutkowski, Yaana Technologies
09:20	**Developments in Universal Core-to-Cloud Layered Security Interface Model** Navin Govind, Aventyn UK Ltd
09:40	**Enhancing SIEM Technology for Protecting Critical Infrastructures** Luigi Coppolino, Epsilon
10:00	**Questions and Answers** Panel discussion

10:30 **Networking coffee**

SESSION 5: MOBILE / WIRELESS SECURITY

Session Chair: Bengt Sahlin, Ericsson Research NomadicLab, 3GPP SA3 Chairman

11:00	**3GPP Security** Bengt Sahlin, Ericsson Research NomadicLab, 3GPP SA3 Chairman
11:20	**Developing Trusted Services for Mobile using GlobalPlatform Standards** Christophe Colas, GlobalPlatform
11:40	**Security challenges for Femtocell communication architecture** Ravishankar Borgaonkar, Deutsche Telekom Laboratories
12:00	**Question and Answer Session** Panel Discussion

12:30 **Networking Lunch**

SESSION 6: SECURITY IN INTELLIGENT TRANSPORT SYSTEMS

Session Chair: Scott Cadzow, Cadzow Communications, ETSI ITS WG5 Chair

13:30	**ITS Security, a challenge for society and technology** Scott Cadzow, Cadzow Communications, ETSI ITS WG5 Chair
13:50	**PKI and Roaming ITS** Haitham Cruickshank, ETSI STF 423
14:10	**Privacy in ITS** Andre Weimerskirch, ETSI STF 423
14:30	**Question and Answer Session** Panel Discussion

15:00	**Networking tea**

SESSION 7: SECURITY IN MACHINE TO MACHINE AND SMART GRIDS

Session Chair: Carmine Rizzo, ETSI Security Standardization

15:30	**The ETSI TC M2M security architecture** Alper Yegin, Samsung for ETSI TC M2M
15:50	**Trustworthy Wireless Industrial Sensor Networks** Alexis Olivereau, CEA, LIST
16:10	**The Smart Grid security challenges: National regulatory approaches and European standardization efforts** Francois Ennesser, Gemalto
16:30	**Question and Answer Session** Panel Discussion
17:00	**Wrap up and conclusions** Moderated by Charles Brookson
17:30	**End of the workshop**
