ETSI IoT Week 2022

Tutorial on Ontologies and Semantic Interoperability for IoT

If you miss it....it was yesterday!!
documentation will be the ETSI
IoT Week web pages

Special thanks to:
Raúl García-Castro, UPM
Bob Flynn, EXACTA

IoT Conference

Special thanks to:
- The Program Committee members
and Vice Chairs
- ETSI Events and
Nathalie Guinet, ETSI

IoT Demonstrations

Special thanks to:
- Centre for Testing & Interoperability
And Xavier Piednoir, ETSI

ETSI IoT Week 2022

Sustainability
Green transformation
Digital transformation
SECURITY **PRIVACY**
SmartM2M
ETSI STANDARDS **oneM2M**
IoT CONNECTIVITY
e-health **Digital Twins**
IoT experiences
EU Research projects

SAREF
Semantic Interoperability
Ontologies
Interworking
Data Usability
Edge computing
Artificial Intelligence

**Tutorial on
Ontologies &
Semantic
Interoperability
IoT**

**IoT
Demonstrations**

If you miss it....it was yesterday,
documentation will be the ETSI
IoT Week web pages

Special thanks to:
Raúl García-Castro, UPM
Bob Flynn, EXACTA

Special thanks to:
Xavier Piednoir, ETSI

**IoT is all about
sharing information(s)!!!!**

Dr. Enrico Scarrone

M2M/IoT Standardization Manager

TIM | Communication and Standards

OneM2M Steering Committee Chairman

ETSI TC SmartM2M Chairman

enrico.scarrone@telecomitalia.it

**Grazie!
Thank you!**
