

Belief

Bringing Europe's eElectronic Infrastructures to Expanding frontiers

Brief Overview BELIEF project
Bringing Europe's eElectronic Infrastructures to
Expanding frontiers

Belief

Bringing Europe's eElectronic Infrastructures to Expanding frontiers

The Project

- BELIEF is funded by the European Commission DG INFISO Research Infrastructure Unit.
- BELIEF started on 1st November 2005 to December 2007
- BELIEF is:
 - A One-stop-shop for finding out about e-Infrastructures
 - A common dissemination channel for eInfrastructures projects
 - Brings together eInfrastructures users & providers, research and business
 - Promotes use of eInfrastructures for new applications and regions

Belief

Bringing Europe's eElectronic Infrastructures to Expanding frontiers
