MORNING

The Nice flower market is a daily market on the Course Saleya in the old town of Nice.

In the mornings, fruit, vegetables and regional products are also on offer.

This exceptional market is surrounded by restaurants and cafe terraces.

LUNCH

« La Mama », is a typical Niçois restaurant in the heart of the old town, where you will enjoy regional specialities in a relaxing environment

AFTERNOON

Let's imagine Saint-Paul de Vence as a simple Provençal village...

A café nestles on the square, shaded by plane trees. A game of *boules* is underway. You stroll along the ramparts, wander from art gallery to craft shop, linger by the village fountain, sample the local wine, and take it all in...

It's good to know that life really can be so full of charm...
